About me

I'm a development engineer from ESILV/UQAC, working in the IT field as software, embedded or develoment engineer. I'm available to work immediately.

Skills

- Python
- C# / C++ / C
- Embedded system
- Deep/Machine learning
- DevOps, CI/CD
- Agile

Other skills:

Database, Docker, VM, Linux, web-langage

Language

Hobbies

Experience

2022-2023 **Afelio in Belgium** *Consultant as IT development engineer*
Development and integration for software. development using python, design pattern, Git and Linux.

2022-2023 **Nalys in Belgium** *Consultant as IT development engineer*
Development and integration for embedded system using Python, Git, Linux and database.

2021-2022 **Dynapac in Sweden** *IT engineer*
Developement of softwares in C# using Visual Studio and Python.

2019-2020 **SOPRA in Spain** *IT engineer*
Improvment and optimization of software in Cobol, Python and Shell.

2018 **SARETCO in Marquise** *IT engineer internship*
Improvment of softwares in Python and in VBA and implication on new projects involving the expansion of the company.

Project

2022 **My website portfolio** *Personal project*
Development of my own web site for visibility using web language.

2018 **Check-Student** *School project*
Embedded system project using data management, Python and C to check non-attendance and to send emails containing a list of the students that checked their card to the teachers.

2017-2018 **MIT Tid'Zam Camera** *4rd engineering degree project*
Identification of animals on a live stream using Machine Learning. Development and training of the AI, creation of the web page to visualized the results.

Education

2023 **NIT at Nalys in Brussels**
Intensive session to learn the most used tools/languages as a DevOps such as Python, C, C++, Linux, Git, testing, Docker, VM or embedded system.

2016-2020 **ESILV in Paris La Défense**
In Numerical and renewable energies fields.

2018-2020 **UQAC, University in Quebec**
Degree of electronic and electrical engineering.

2014-2016 **CPGE Gustave Eiffel in Armentiere**
Class preparation for high school and Engineering school.

Other degree

BNSSA: Lifeguard degree
BAFA: Animator degree
Driver license (B): Own a car
TOEIC: 855

PSC1: Secourist degree
PSE1: Secourist degree
Coastal license
